## 2017 Seedling Sale Pre-Order

Despite the wind and snow, it's time to start thinking about spring planting! We are pleased to once again offer you the opportunity to pre-order seedlings now for pick up at our spring open house in May. Pre-orders will be set aside for you and given priority in the case of limited availability.

Our seedlings are raised on the farm in our licensed greenhouse, the same varieties we grow for the farm. As farmers our livelihood depends on the seedlings we grow, so you can be confident that our seedlings are healthy, vigorous, and disease free. We are committed to sustainable growing practices, using only certified organic potting soil and fertilizer and non-GMO seeds sourced from trusted seed companies. We choose varieties with good taste and quality that grow well in this region, including many organic and heirloom varieties. We time our seeding schedule so that seedlings are hardened off and ready to plant when you get them. For best results, plan to transplant your seedlings as soon as possible after pick-up.

The following pages list the flower, herb and vegetable varieties we are growing this year. Fill this out to indicate the number of packs of each you wish to order. Due to limited greenhouse space we strongly encourage you to order as soon as possible. There is a 10% discount for ordering by the flat (multiples of 18 packs). Thank you for your order!

### ***Key dates:***

- **March 1, 2017** – last date to place pre-orders.
- **March 18, 2017** – seeding begins in the greenhouse.
- **May 20 & 21, 2017** – pick up seedlings at Spring Open House.
- **May 28, 2017** – last day to buy seedlings.
